11) As can be seen from the above statement it is distinctly more than that of Madras in 1915-16, but it is somewhat less in 1916-17. This decrease in cost is not due to a determined effort in Madras to reduce the consumption of ~~Stationery~~ paper owing to war conditions

12) The Superintendent thinks that there will not be a reduction of work. He has been however refusing to receive work in several cases with the result that such works have to be got done in private presses.

Submitted for orders with reference to para 7 of

DM 1875 VS

13) The proposals have not come before the end of Dec 1918 the first Communication being dated 19-1-1918 It appears therefore that the proposals cannot be considered as having regard to the financial rules dated 30.8.1916.

To

C. S. Balasundaram Iyer, Esq., B.A.,
Chief Secretary to the Government of Mysore,
B a n g a l o r e.

SIR,

I have the honor to submit my proposals for the revision of the Permanent Establishment of the Government Press and to sta as follows:-

It is nearly seven years ago that the establishment of t Press was revised as per Government Order No. G. 5567-8/ G.P. 5-08-26, dated 23rd April 1910, and since then the work in the Press has increased enormously, as shown in the successive Administrati Reports submitted. The present establishment is taxed to its utmost capacity in dealing with the very heavy correspondence, account and abnormally increased work generally in every branch, which is yet growing daily in volume; while the arrangements made for the valuation of work and the installation of new composing and type-casting machinery also have contributed in a great measu for the necessity of revising the establishment without further de

I shall take Branch by Branch and will indicate the mair features of my proposals, explaining the reasons and the necessity for suggesting promotions and new appointments for your kind and favourable consideration.

Office Branch.- I propose that, owing to the increase in the work of both the Correspondence and Account sections, ~~there~~ the appointment of Head Clerk and Accountant now combined in one official ma

may be bifurcated and given to two officials. The pay of the Head Clerk will remain the same as before, viz., Rs. 70-5-100 but the pay of the Head Accountant is fixed at Rs. 40/-, the pay of the Deputy Accountant being raised by 5 rupees and the incumbent designated as Head Accountant. The Accounts Clerk will be designated as Deputy Accountant with a promotion of Rs. 5/-. The Compositors' Accountant is recommended for a promotion of Rs. 5/- and is also given an Assistant owing to the increase in the number of piece-work vouchers that have to be dealt with by them. Counting of the lines of type composed, converting all sizes of type to one size and then into foolscap pages, calculating the amount of wages and tabulation are the main features of the work of these two officials. They are fully occupied throughout the day, and the promotion and appointment recommended are absolutely essential. The duties of the Head Accountant will be to check the work of all the accountants of the office, to value at least 25% of the compositors' piece-work wages, to keep cash and to be generally responsible for all account work of the office including valuation. The Deputy Accountant will perform the ordinary routine duties of accountants, such as maintaining contingent book, Travelling Allowance bill book, Receipt books, Cash book, preparation of pension papers, maintaining service registers, premium books and so on. This is enough work for him and his appointment is therefore justified. My proposals involve an increase of Rs. 10/- over the existing scale of pay for both the Deputy Accountant and Accountant and Rs. 20/- for Accounts clerk and Compositors' Accountant.

At present the registering of "From" letters and "To" letters and despatching the latter are being attended to by one official, the Despatcher. This work is too heavy for one individual and I find it absolutely necessary to appoint a new hand under the designation of Receipt Clerk on Rs. 15/- for registering "From" letters. The present designation of "Despatcher" may be changed into "Issue Clerk".

The other new appointments proposed include a Shroff and a clerk for looking after the office work of the Registrar of Authorized Publications. Instead of an Attender on Rs. 10/-, a Shroff is

absolutely

Comptroller.

Norm—Contn. sheet.

absolutely necessary in the office. There will be daily cash transactions between the Press and the Treasury, remittances to be taken, money to be brought, etc. The salary and piece-work monies to be brought from the Treasury run up to Rs. 2,000 and nearly Rs. 5,000 respectively. Such heavy sums have to be counted and brought carefully and accounted for in the office. A responsible man is necessary and therefore a Shroff on Rs 15/- is proposed in place of an Attender on Rs. 10/- . The duties of the authorized publications work ~~is~~ are being looked after by one of the Accountants.. His account work is too heavy and another clerk on Rs. 15/- for this work may be sanctioned.

As regards the two Valuation Clerks proposed, I beg to invite reference to the correspondence ending with your letter No. G 9122/G.P.X-14-22, dated 5th Jan^y 1918 The matter is pending for over a year and may be kindly sanctioned now.

Proof Branch.- In this branch, my proposals involve the increase of pay to the Head Examiner from Rs. 60-5-70 to Rs. 100/-. This substantial increase of pay is found to be very necessary as the responsibilities attached to the post are in no way inferior to those of the Head Clerk or Supervisor. Besides, the work in the Proof Branch has increased a great deal, and the present incumbent has managed it most satisfactorily during the last 6 years. I would therefore request that the pay of the Head Examiner may be fixed at Rs. 100/-

A general increase to the salaries of Examiners and Readers is urgently called for owing to the increase of work and the cost of living. I propose the appointment of an additional Examiner on Rs. 40/- and promotion of Rs. 5/- each to three existing hands on Rs. 45/-, Rs. 30/ and Rs. 20/- respectively so as to secure qualified men to cope with the daily increasing work in the branch.

Despatching Branch.- An Assistant Despatcher on Rs. 20/- is newly provided, two packers and carriers on Rs. 8/- have been recommended for being designated as counters on Rs. 10/- each, while one on Rs. 8/- and two on Rs. 6/- have been recommended to be put on Three on Rs. 7/-

15 Rs. 8/-
on a scale of Rs. 10/- and Rs. 7/- each. An additional Despatcher is very necessary to assist the Despatcher in writing the invoices and labels and addressing packets. Counters are found essential to count the number of books and forms that are received from the bindery while the other promotions are required to put the meagre pay of Rs. 6/- and 7/- on a better footing.

Composing Branch.- In this branch, provision has been made for another 1st Grade Foreman on Rs. 40/- and the number of 2nd Grade Foremen on Rs. 30/- is kept on at two. Instead of two 3rd Grade Foremen on Rs. 25/-, three have been provided for, while the number of fourth grade Foremen is reduced by one and kept at three instead of at four. This arrangement has enabled me to give adequate and most deserved promotions to existing men who have put in very long services and to raise the minimum pay of the Foremen to Rs. 20/- from Rs. 15/- as at present. The latter pay is too meagre for men who have to exercise supervision and control compositors who in many cases draw more pay than they do as piece-workers. Both the designations of Type Store-keeper and the Standing Room Care-taker have been changed to Foreman, to prevent stagnation of men in one branch and to facilitate transfers and promotions. The new designation is appropriate as well. I further propose the abolition of all Distributors as being unnecessary now and the transfer of the Gally Pressmen to the Machine Branch. Consequently on the reduction effected in this Branch, a saving of Rs. 59/- is indicated.

Printing Branch.- The pay of the Printing Foreman is recommended to be raised to Rs. 60/- as his duties have become more heavy and responsible owing to the increase in work and in the number of machines. A clerk to assist the Foreman in the distribution of work to the machines and in maintaining the registers of the branch is found by experience to be very necessary and is therefore recommended. The two Gally Pressmen taken out from the composing branch are included here with a promotion of Rs. 2/- each, as proof-pulling has become a very heavy item of work. With the increase in the number of

of machines, the duties of the Roller Caster have correspondingly increased and therefore he is recommended for a promotion of - Rs. 2/-. A Reviser to revise corrections on the machine proof is absolutely necessary, as experience has shown, and an appointment on Rs. 15/- is therefore newly provided. An Assistant to the Paper Clerk, whose work has also increased with the work of the machine branch is also provided and the pay of the Paper Clerk himself is raised to Rs. 25/- from Rs. 20/-. Two Counters on Rs. 8/- each are provided for the paper room to count papers and issue them to the machine men and the post of the attender is merged in one of these appointments. The increase proposed amounts to Rs. 90/- in this branch.

Binding Branch.- The pay of the Guilders is recommended to be fixed at Rs. 15/- each instead of at Rs. 13/- each and the pay of the Warehouse Clerk is also likewise recommended to be fixed at Rs. 15/-, as Rs. 12/- is too meagre for the post which carries - with it much responsibility. One counter on Rs. 10/- and two on Rs. 8/- each are recommended for the Warehouse instead of two on Rs. 7/- each as more counters are required owing to heavy work. The increase recommended in this branch comes to Rs. 19/-. The pay of the Head Binder may be consolidated and finally fixed at Rs. 40 instead of Rs. 30/-+Rs. 10/- as at present.

Litho Branch.- As it is found extremely difficult to secure - ballers on Rs. 7/- each owing to the physical labour involved in working the Litho Press, and as it is absolutely necessary to - have three ballers instead of two to replace men falling ill and going on leave, etc., three ballers have been recommended on Rs. 10/-, 9/- and Rs. 8/- respectively. The pay of the Draughtsman is proposed to be raised to Rs. 60/- from Rs. 55/- owing to increase of work which, moreover, requires special skill. The - - increase proposed comes to Rs. 18/- for this branch.

Monotype Branch.- This is an entirely a new branch rendered necessary by the installation of the Monotype Composing Machine. For reasons stated in my letter No. 1483, dated 30th December 1916, it is necessary to have a permanent establishment for this branch and I have therefore proposed an establishment costing Rs. 100/- per mensem. This is the minimum that is required and may be -

17

kindly sanctioned.

Type-Casting Branch.- The recent introduction of a Thompson - Type-Casting Machine from America and the present low pay of the Casters with no prospects of promotion to look forward to, renders it - very necessary to recommend the increase proposed for kind sanction The pay of the Foreman may be fixed at Rs. 30/- owing to the increase in his responsibility and the pay of the Stereotyper may also be similarly raised to Rs.25/- Instead of one Assistant Caster on Rs. 15/- and three machine casters on Rs.12,10 and 10/- each respectively, one machine caster on Rs. 20/-, two on Rs. 15/- and one on Rs. 12/- and two hand casters on Rs. 12/- and Rs.10/- respectively are recommended. The pay of the Rubbers may be raised by one rupee each as their present pay is too inadequate. The increase proposed for this branch comes to Rs. 34/-.

Miscellaneous Branch.- The Gate-keeper's pay is recommended to be fixed at Rs. 25/- with no overtime which he now gets between the hours 8 A.M. to 11 A.M. and 5 P.M. to 6 P.M. The Gate-keeper's overtime allowances now amount to nearly half his pay every month, about Rs. 10/- and consequently the increase of Rs. 5/- proposed to his pay without the overtime allowance will effect a material savings. He will be asked to work from 8 A.M. to 6 P.M. without any overtime but if he has to work beyond these hours he will be entitled to overtime on Rs. 25/- a month. The Carpenters pay may be fixed at Rs. 20/- per month as the present pay of Rs. 15/- is too inadequate and as carpenters generally earn more than - Rs. 20/- elsewhere. The increase proposed in this branch amounts to Rs. 10/-

Menial Establishment.- The Daffedar's pay is fixed at Rs. 12/-; instead of four peons on Rs. 8/- each, two on Rs. 10/- each and two on Rs. 9/- each are proposed; and a pay of one rupee each is proposed to be added on to the present pay of the remaining peons while two more peons on Rs. 7/- are proposed to be newly entertained. Owing to the rise in food-prices and cost of living, it is now very difficult to secure peons on Rs. 6/- and 7/-. The

The two additional peons are required owing to the addition to the gazetted staff of the Press by the appointment of Sub-Assistant Superintendents. The pay of the present two Sweepers, viz., Rs. 6/- and 5/- is too meagre and therefore their pay is proposed to be fixed at Rs. 7/- each while two more Sweepers on Rs. 8/- and Rs. 7/- each are proposed to be taken on owing to the increased area of sweeping consequent on the addition of two new quadrangles to the Press buildings and other minor additions and alterations made year after year. In order to keep the Press compound and quadrangles neat and clean and to lay them out with flower beds, etc., two malis on Rs. 8/- each are newly recommended. They are at present being paid by Piece Work. The increase proposed in this branch amounts to Rs. 65/-.

The proposals made in the above paras involve an increase of Rs. 523/- per month as shown below:-

(1)	Office Branch	+130
(2)	Proof ,, ...	+ 85
(3)	Despatching ,, ...	+ 31
(4)	Composing ,, ...	— 59
(5)	Printing Branch.....	+ 90
(6)	Binding ,, ...	+19
(7)	Litho ,, ...	+18
(8)	Monotype ,, ...	+100
(9)	Type-Casting "	+ 34
(10)	Miscellaneous "	+ 10
(11)	Menial Establishment.....	+ 65
	Total	+ 523 per month

A sum of Rs. 1,628/- per annum or Rs. 135 2/3 per month is already provided in the current year's budget for additional establishment. Consequently, the net increase proposed will amount to only Rs. 387 1/3 per month or Rs. 4, 648/- per annum. This sum may be kindly met from the probable savings in the Press or Stationery Budget or by re-appropriation from the savings of other departments. If this sum is sanctioned, it will effect a corresponding reduction of about Rs. 100/- per month or Rs. 1,200 per annum in the piece-work budget so that the total net increase involved in my proposals Rs. 287 1/3 per month or will only be Rs. 3,448 per annum. This is a small amount compared with the great increase of work in the Press and I beg that early sanction may be kindly accorded for incurring it.

The above proposals have been submitted, keeping in view the bare-necessities of the establishment rendered absolutely essential to cope with the increased work consequent on the increased activities of the State in recent years, and I therefore request that early sanction may be kindly conveyed to the proposals so that they may be given effect to from 1st-March 1918.

I have the honor to be,

Sir,

Your most obedient servant,

Superintendent,

Government Press.

Forwarded.

To

C. S. Balasundaram Iyengar, ESQ., B.A.,
Chief *Secretary to the Government of Mysore,*
~~*Department.*~~

SIR,

In forwarding herewith duly verified the proposition statements received from the Superintendent, Government Press, with his letter No.1747 dated 19th February 1918 for the revision of the Press Establishment, I have the honor to invite attention to Government Order No.1793-842/S.F.43-17-2 dated 25th September 1917 authorising this office to return unverified, proposition statements in which progressive salaries for ministerial departments are proposed contrary to Government Order dated 24th April 1917. In the proposition statement under reference, two such appointments viz., Chief Foreman and Head Clerk appear. As, however the statements were once sent to Government direct by the Superintendent and returned for being submitted through this office, they have been verified and forwarded herewith.

I have the honor to be,

Sir,

Your most obedient servant,

Comptroller.

FROM

D. B. Ramachandra Mudaliar, Esq.,
~~C. H. YATES, Esq.~~,
SUPERINTENDENT, GOVERNMENT PRESS,
BANGALORE.

To

C. S. Balasundaram Iyer, Esq., B. A.,
Chief Secretary to the Government of Mysore,
B a n g a l o r e.

SIR,

With reference to your docket No. G. 14097, dated the 13th ultimo, I have the honor to state as follows in answer to the points raised therein:-

(1) As the valuation of work executed in the Press was not in force prior to 1915-16, figures relating to the value of work turned out in the Press are available only for two years, viz., for 1915-16 and 1916-17, and these are Rs.1,77,297-0-9 and Rs.2,66,919-6-11 respectively; the outturn of work during these two years in the number of pages of various sizes composed being 58,373 and 78,776 respectively. It will therefore be seen that the value of the work has increased by nearly 50 per cent and the number of pages composed by 35 per cent in one year.

(2) The cost of Establishment, on the other hand, during the same period remained almost the same being Rs.25,179-5-11 in 1915-16 and Rs.25,985-7-6 in 1916-17.

The Madras Government Press turned out 296,391 pages of composed matter in 1915-16 and 274,919 pages in 1916-17, the cost of Establishment being Rs.1,06,141-5-4 in 1915-16 and Rs.1,00,855-15-6 in 1916-17. It will be seen from the above that while the outturn of the Madras Government Press has decreased by 21,472 pages in one year for a decrease in the Establishment cost of about

Rs.5,286/-, ~~Whereas~~ we have done 20,403 pages more in one year for almost the same Establishment cost.

(3) There is a misapprehension that arrangements that are now being made for the relief of the very heavy congestion of work in the Press would amount to a reduction of work. I beg to state that it is not so. The working capacity of the Press remains as it is, but by working overtime and also on Sundays and Holidays, the Press has been able to clear the arrears and return to normal capacity. Hitherto, work that was far beyond what the Press could normally cope with, used to be set aside to be taken up later on with the result that there used to be heavy accumulation, but now that the arrears are cleared and ~~that~~ this work that could not be done is returned to be executed in a Private Press, there is no scope for delay or accumulation. But with all this, the Press is working to its full capacity on its ordinary legitimate work - so as to finish it as promptly as possible.

(4) Further, the increase in the Establishment provided in the Revision is rendered absolutely necessary by the installation of the Monotype Composing Machine and the Thompson Type Casting Machine for which extra Establishment is essential. The Clerical Establishment required for the valuation of work is urgently needed and has been pending consideration for nearly three years. The increases to the pay of the existing Staff have all been proposed with due regard to the increased demands of work and responsibility and with a view to secure efficiency and prompt despatch of work.

(5) I therefore beg that Government may be kindly moved to pass favourable orders very early on my proposals.

I have the honor to be,

Sir,

Your most obedient servant,

G. Ramachandra

Superintendent,

Government Press.
